EDITORIAL NOTE: In addition to gifts by the McGregor Fund, the Davella Mills Foundation, and an anonymous donor, the generosity of a number of individual donors, listed on the next page, supplementing the continued, substantial support of this undertaking by the University of Michigan, has made possible the research represented in this volume. The generous support from these sources is gratefully acknowledged.

The volume speaks in general as of May, 1949, when the manuscript was completed; however, the author has been able to include some references to later materials. Permission to reproduce quotations from other works has kindly been granted by Callaghan and Company and by Stevens and Sons, Limited. The editor is under special obligation to Mr. William Sprague Barnes for intensive assistance in revising the text, as well as to Mr. John H. Hoffman and Mrs. Dorothy D. Bray for the care taken in verifying the citations and in the detailed preparation of the manuscript. The author joins in these acknowledgments.
