THE WILLIAM W. COOK LECTURES ON AMERICAN INSTITUTIONS

William Wilson Cook, twice a graduate of The University of Michigan, A.B., 1880; LL.B., 1882, and until his death in 1930 a distinguished member of the New York bar, was exceedingly generous to his Alma Mater. He built the William W. Cook Law Quadrangle, dedicated to legal education and research. He gave the University the Martha Cook Building—a residence hall for women. Mr. Cook had many interests outside his profession but none was more intense than his devotion to American institutions. Indeed, so earnest was his belief in the value of those institutions that in 1927 he wrote and published a two-volume work entitled "American Institutions and Their Preservation." Motivated by the desire that his Alma Mater should make a major contribution to study, teaching, and dissemination of sound precepts concerning the American way of life, Mr. Cook established at the University the William W. Cook Foundation for lectures on American Institutions, handsomely endowed to achieve the ends he had in view.

This Program announces the tenth series of lectures to be held under the auspices of the Foundation. The lecturer is Luther Halsey Gulick, President of the Institute of Public Administration in New York. Born in Japan, Dr. Gulick received his Bachelor of Arts and Master of Arts degrees from Oberlin, his Doctor of Philosophy from Columbia University, and several honorary degrees. He has had a distinguished career as a teacher and as a public official in both state and national governmental posts. He held the post of Eaton Professor of Municipal Science and Administration at Columbia University from 1931 to 1942. He then served as consultant to various governmental agencies, and administered various research programs during and following World War II. After serving as City Administrator of New York City from 1954 to 1956, he has served as President of the Institute of Public Administration since that time.

Dr. Gulick was a member of the United States Reparations Mission staff in Moscow, Potsdam, Tokyo and Manila in 1945; and in Paris, Brussels, Nuremberg and Vienna in 1946. He was awarded the Butler Medal at Columbia in 1939. A member of Phi Kappa Phi and Phi Beta Kappa, Dr. Gulick is the author of numerous articles and books, including Administrative Reflections, World War II, 1947; American Forest Policy, 1952; Modern Management for the City of New York, 1953; METRO: Changing Problems and Lines of Attack, 1957.

The tenth series of William W. Cook Lectures on American Institutions will be made available in published form as soon as possible after delivery.
