<sup>1</sup>Up to 1910 all graduates of the Law School received the degree of Bachelor of Laws. Beginning with 1910, the degree of Juris Doctor (J. D.) was conferred on students who reached a certain distinction in their work. This scheme obtains at the present time. In the 1910 and all succeeding class lists J. D. is written after the name of each graduate receiving the degree of Juris Doctor. All others received the degree of Bachelor of Laws.

Since 1890, the degree of Master of Laws has been conferred on the graduates of this School and of other Schools of Law who have completed a course of advanced study. A list of these follows the class of 1921.
