INFORMATION ON RESIDENCY STATUS OF STUDENTS
ENROLLING IN THE UNIVERSITY OF MICHIGAN

Since University registration fees are lower for residents of the state of Michigan than for non-residents, it is important and necessary to establish clearly the residence status of each student before he registers in the University. The Regulations of the Regents of The University of Michigan Governing Residence are as follows:

1. No one is deemed a resident of Michigan for the purpose of registration in the University unless he or she, being twenty-one years of age or older, has resided in this state six months next preceding the date of proposed enrollment (see items 3, 4, 5, and 7, below, for status of minors and married women).
2. No person is deemed to have gained or lost a residence in this state while a student at any institution of learning except by changes in status effected under 3, 4, or 7 below.
3. The residence of students who are minors follows that of the parents or of the legal guardians.
4. The residence of a wife follows that of her husband; however, those women students who, by reason of the residence of parents, or those who, being twenty-one years of age, have acquired residence, may continue to register as residents of Michigan, although subsequently marrying nonresident students or other nonresidents.
5. Minor students who come to the University from other states or countries cannot be registered as residents of Michigan on the basis of having a resident of Michigan as guardian except on permission of the Regents in each individual case.
6. An alien lawfully admitted for permanent residence in the United States and the wife or minor children of such alien who have otherwise met these requirements for residence are regarded eligible for registration as residents of Michigan.
7. Those persons in the service of the United States and their dependents, having completed the six-month residence requirement without being registered, may, or their dependents may, register as residents.
8. Discretion to adjust individual cases within the spirit of these regulations is lodged with the Vice-President for Academic Affairs with the right of appeal to the Regents.
9. Full-time members of the "teaching staff," teaching fellows whose appointments require at least three contact hours of teaching each week in regularly assigned formal classes, and their dependents may register in the University as residents of the State of Michigan.

It is the responsibility of the student to register properly insofar as his residence status is concerned. In order to avoid any misunderstanding concerning your residence status, please answer the questions below.

1. Are you now a Michigan resident? Yes No

a. If yes, for how long?

b. If yes, on what basis do you consider yourself a resident of Michigan?

2. Is your spouse a Michigan resident? Yes No

3. If you are undecided about your residence status, describe your situation and indicate your questions here:
