The Common Flaw
Needless Complexity in the Courts and 50 Ways to Reduce It
Thomas G. Moukawsher
The Common Flaw seeks to rid the American legal system of unproductive complexity. The book proposes fifty changes from the filing of a complaint in court to the drafting of appellate decisions. He advocates that the courts replace the legal system’s formalism with a kind of humanism. Moukawsher calls for courts that decide cases to do so promptly, base their decisions more on the facts than the law, prioritize the parties involved over lawyers, consider the consequences for the people and the public, and use words we can all understand.
