BRIEF REVIEWS

HOW TO TAKE A CASE BEFORE THE NATIONAL LABOR RELATIONS BOARD. By *Louis G. Silverberg*. Washington, D.C.: The Bureau of National Affairs. 1949. Pp. viii, 292. \$5.

The author, Director of Information for the National Labor Relations Board, has attempted to give the attorney a tool with which he can prepare himself for practice before the NLRB and its regional offices with an absolute minimum of time and effort. The book opens with an outlined statement of the contents of the Labor Management Relations Act of 1947, continues with an explanation of the organization of the NLRB, and then leads the reader, step by step, through the procedure to be used when following the requirements of, or seeking the remedies made available by the Act of 1947. The author has gone to unusual lengths in explaining each step. The book has a dual aspect. It is a quick reference guide for the busy practitioner who will need a specific answer, and an informational text designed to explain the workings and organization of the whole structure. In order to facilitate the locating of specific information, each chapter deals with a different type of proceeding, and the text is marginally annotated as a further aid. All forms necessary for any proceeding before the NLRB are reproduced, and most valuable are the time-tables to be used for union election, and unfair labor practice cases. These tables tell what papers are to be used, the time intervals between them, and who is to be served. There are also organizational and flow charts which will help to acquaint the reader with the broader aspects of the NLRB. To the attorney, whose practice will carry him before the NLRB, this book will be of great assistance.
