A word of explanation regarding this year's theme

On March 15, 2012, about an hour before the SFF Auction was scheduled to begin, a Category 3 tornado touched down in Dexter, MI, less than 10 miles from the Law School. The tornado carved a path seven miles long, damaging 68 houses, but fortunately no one was hurt.

At first, it seemed the Auction would be canceled. But the staff of the Law School and SFF's Volunteers were undaunted by the weather and soldiered on. Although we started late, the Auction ended up being one of the most successful in the history of SFF.

After that, it seemed natural to dedicate this year's Auction to the most famous tornado of all...

Welcome to the 2013 Student Funded Fellowships Auction!

In 1991, the Law Quadrangle Notes highlighted the accomplishments of SFF since its founding in 1978. According to LQN, SFF had funded almost 300 students over its 13 years, and its primary fundraiser, Donate a Day’s Pay, had recently set national records by raising $42,000.

This year, as SFF celebrates its 35th birthday, it remains one of the most successful programs of its kind. Our DADP program still asks Michigan Law students to donate one day’s worth of summer firm pay, and it remains an excellent way for grant recipients to give back to SFF as their law school career progresses. SFF, however, is continuing to make improvements to better serve an ever-changing law school community. For example, this year we worked to build a stronger collaboration with the Organization of Public Interest Students and the Office of Public Service. We also solicited feedback from the entire student body for the first time and received hundreds of helpful responses.

We are grateful to all those students who participated in DADP and LSTAR this year — your efforts are critical to our ability to provide financial support to your public-interest minded classmates. Additionally, we want to thank the rest of the Michigan Law community that supported us in other ways. SFF is committed to supporting Michigan Law students pursuing public interest work and we rely on your continued generosity and enthusiasm.

SFF’s greatest success of the past 35 years is our Auction. It is now our best-known and most successful fundraiser. This year we are honored to once again partner with Wolverine State, a local Brewpub in Ann Arbor, which has generously agreed to donate the beer for tonight’s Auction. In addition, we want to thank Picasso, the folks who operate the K&E Café, for partnering with us for “round-up” days during the semester and for providing much of tonight’s food.

Each spring, the Auction brings together students, faculty, and alumni with exciting items for every taste and interest, from sky diving to gourmet meals, vacations to laser tag. Last year’s Auction alone, even in the face of a tornado, raised over $44,000, more money than the record-setting amount hailed by LQN in 1991. Due to the success of the Auction, DADP, and LSTAR, as well as generous support from the Michigan Law community, we were able to fund 56 students last summer. With your continued help and support, we hope to make the next 35 years as successful as the last 35.

Tonight we are showcasing some great new items and a few old favorites. Please remember to bid high and bid often. We are looking forward to a spectacular evening and hope this will be one of the best SFF Auctions ever. Please join us in supporting the Michigan Public Interest Community and in celebrating 35 years of public interest fellowships.

Sincerely,

Student Funded Fellowships Board, 2012-2013

March 21, 2013

Perhaps the most inspirational aspect of the legal profession is its unwavering public ethic, shaped by and experienced through the felt obligation to serve the interests of the public at large in addition to the interests of individual paying clients. The University of Michigan Law School has a longstanding history of encouraging its students to develop and maintain a sense of public spiritedness, and to incorporate a healthy respect for public values into their professional practices and daily lives well after they leave our magnificent halls.

It is critical that this ethic of public service be nurtured from the very beginning of a new lawyer’s exposure to the profession. And while the Clarence Darrows of our alumni family serve as wonderful role models, each new generation of students must find its own inspiration and connection to our profession’s public ideals. While the School can provide the kindling, in the end the fire must be lit from within.

That is why our Student Funded Fellowships program is such a valued and integral part of the Michigan community. The program is one of the oldest continuing vehicles through which Michigan students provide leadership to encourage each other in this enterprise. For over three decades, SFF has provided a forum in which students choosing high-paying summer jobs give a day’s pay (or more) to ensure that their classmates can spend the summer doing public interest work. Today, SFF has a broad-ranging set of creative fundraising programs to support this laudable goal.

The centerpiece of each year’s efforts is, of course, the SFF Auction. The Auction raises vast sums of money for a great cause. And it is loads of fun (there aren’t many other opportunities to pay to have your professors take you skydiving or cook you breakfast). I hope you will join me in supporting this year’s SFF Auction, as well as extending your support to other SFF activities throughout the year.

Sincerely,

Evan Caminker

Notes & Disclaimers

Item information contained in this Program is accurate to the best of SFF’s knowledge, as of Program publication (March 13, 2013). The Addendum is considered part of this Program and should be consulted for any changes. The market value listed for any consumer item is the manufacturer’s suggested retail price. It is the bidder’s responsibility to take all steps he/she deems appropriate to determine condition and fitness of, and acquire any additional details of interest regarding, an item prior to bidding on it. Please note in particular that certain items with no listed expiration date may have an expiration date that was not provided to SFF in time for publication; interested bidders are encouraged to contact the vendor or donor prior to bidding if expiration is a concern.

• Bidder also acknowledges that certain items (including, but not limited to, event tickets, destinations, professional services, entertainment, meals, and experiences) are subject to performance by third parties, and that SFF shall bear no responsibility, financial or otherwise, should any such performance not meet the winning bidder’s expectations.
• Bidder bears sole responsibility for arranging performance of items upon receipt of third party contact information.
• Requests for refunds not based on material ambiguities in item descriptions will not be considered by SFF. Under no circumstances will SFF consider any requests for refunds after March 30, 2013, or seven days after receipt of item, whichever is later.

Dean’s Challenge Matching Donations:

Dean Evan Caminker and Professor Robert Hirshon challenge you to bid high on this year’s most exciting Live Auction items! Items marked with the Dean’s Challenge symbol are eligible for Dean’s Challenge Matching Donations. If a Dean’s Challenge item garners a winning bid at or exceeding the dollar amount listed with the item, a matching donation will be made to SFF in the amount of the winning bid. Dean Caminker will match winning bids on all Dean’s Challenge items until $11,000 has been pledged through this program.

On behalf of the entire Michigan Law School community, SFF warmly thanks Professor Robert Hirshon for the generous donation that makes this initiative possible, and for his commitment to students who pursue careers serving the public interest.

Silent Auction

General Rules
Write clearly on the bid sheet so that you can be identified. Any bid for which the bidder’s name, contact information, or bid amount is not clearly legible may be disregarded.

The bidding will be closed by an SFF Board Member immediately following the end of the Live Auction. We will close down the silent auction in order of numbers (auction items in the 100’s will be closed about 10 minutes after the Live Auction ends, the 200’s a few minutes later, and so on until we are done). This process will be conducted as quickly as possible so please stay out of the way unless you are engaged in a bidding war. If a bidding war is underway when the closer arrives to pull the bid sheet, the closer will initiate Bidding War Procedures (see below). All decisions made by the closers are final.

Winning bidders will provide payment information at item pick-up on Saturday, March 23, from 11 am to 2 pm and Monday, March 25, from 2:30 pm to 5 pm in the Lower Commons Media Room.

Donors may be notified as to who won their items and how much the winner paid for the items. If you do not want your name or winning bid to be revealed, you must notify an SFF Board Member at the time of payment.

Bidding War Procedures
• The closer will pull the bid sheet for the item.
• The closer will then ask the participants of the bidding war to write their final bid on a Bidding War Slip.
• The person with the highest final bid is the winner. The winning bid is the amount on on the Bidding War Slip. The bidding is then closed. There is no opportunity to outbid at that point.
• The closer will write the winning bid on the bid sheet for that item and return to regular closing procedures.
