University of Michigan Law School
LAW SCHOOL STUDENT SENATE MEETING

September 21, 1977

Members present: Jane McAtee, Eric Martin, Robert Santos, Geoffrey Silverman, Mark Purhman, Joanie Rehm, Don Randall.

1. Minutes: The minutes of the last meeting were approved pursuant to a motion by Jane McAtee. The motion passed unanimously.

2. Closed Session: Eric Martin moved that the Senate move into closed session in order to consider some confidential matters. Motion passed unanimously.

3. Day Care Event: Don Randall moved that the Senate approve the use of the lawyers' Club Lounge by the Ann Arbor Child Care and Development Center on October 22. By amendment, it was also moved that the rules prohibiting advertising be suspended providing that the event be non-profit and that no alcoholic beverages be served. Confusion ensued as the Senate's Constitutional experts struggled with the difficult question of which set of regulations applied. Although this matter was not resolved, the motion did eventually pass unanimously.

4. Grievance Committee: Jean Blackwell, Bruce Celebrezze, and Frank Ruswick of the Grievance Committee appeared before the Senate to present a prospectus laying out the goals of this new committee. Jane McAtee moved that the Senate accept the prospectus. Eric Martin raised questions regarding language that indicated that the Committee would be an "advocate-watchdog." An amendment was made, substituting the language "ombudsman." The motion then passed: Six in favor, one opposed.

5. Visitors Committee: Sign-ups for people who would like to let the Committee of Visitors know just what Law School is really like are being taken at the Lawyers' Club desk. The Senate is trying to get a representative group of students to have lunch with the visitors.

SPEAKERS COMMITTEE

There will be a meeting of the Speakers Committee on Thursday, September 22 at 7 PM in the Faculty Dining Room of the Lawyers Club. All persons interested are invited!
Senate Meeting--page two.

It was moved that the nominations be approved. The motion passed: Four in favor, none opposed, three abstentions.

7. Faculty Meeting Representative: John Kralik moved that Collette Kimbrough be approved as the Senate's representative to Faculty meetings. Motion passed: Six in favor, none opposed, one abstention.

8. Mark Furhman moved that the Senate give 212.00 of its contingency fund to the Legal Aid Society for convention expenses. The motion passed: Seven in favor, none opposed.

9. New Budget: The Senate approved its 1977-78 budget pursuant to a motion by Treasurer Mark Furhman. Motion passed unanimously.

10. Eric Martin moved that the Senate lease a Coke machine for the Lawyers' Club, and that the charge for the Coke be 30¢ a can. It should be noted that Mark Furhman has been doing the leg-work on this important matter. The motion passed: Four in favor, three opposed. The close vote was due to the reservations expressed by some Senators regarding the price of the Coke and the fact that cans were being used instead of bottles.

11. Vice President Jane McAtee reported that she has contacted all Senate appointees regarding their duties, and that she has asked the Dean for a list of faculty members on the Committees.

Jane moved that the meeting be adjourned. Motion passed: Five in favor none opposed, two abstaining.

Minutes: J. Kralik

Law School Section Wants You!!

Join the LAW STUDENT SECTION of the State Bar of Michigan, NOW! ONLY THREE DOLLARS ($3.00) per year. Greatest bargain you will ever get in law school.

Why join? Just look at these benefits: You will receive the State Bar Journal every month, newsletters, get to hear speakers of national renown, you will be admitted to the State Bar Association annual meeting thus getting valuable exposure to the legal community of Michigan (think ahead - JOBS), you will be able to participate in Michigan Bar Standing Committees, have opportunities to work in innovative bar section programs, AND, annually, you will receive the State Bar Directory, a complete list of every active attorney in the State, their firm name and area (think ahead - JOBS).

The three representatives from Michigan are: Janet Anderson 995-3106; Tim Curtis 663-3097; and Don Theis 663-8406. They are available to answer any questions, receive any suggestions.

The purpose of the Law Student Section is to encourage student participation in State Bar Activities, render service to law students, the public and the profession.

Three BUCKS, for so little you will get so much. JOIN NOW AT ONCE. A little investment that will return a great deal.

Minutes subject to approval at the next meeting.
LAW SCHOOL GRIEVANCE COMMITTEE

The newly established Law School Grievance Committee views itself as the student advocate/watchdog within the Law School community. We hope to function in an information-channeling and, more importantly, coordination role among students, faculty and administration in the airing and settling of disputes. To achieve these goals we will attempt either to seek answers or to channel the general cries for action to appropriate persons. Moreover, in addition to handling specific grievances, we will act as ad hoc investigators in areas of concern as shown by the grievance survey and periodic polls conducted in the Res Gestae.

There will be four basic ways for complaints to reach the committee for action:

1) a suggestion box in front of Room 100.
2) a box at the Lawyers Club Desk.
3) personal contact with members of the committee
   - Jean Blackwell 994-0727
   - Bruce Celebrezze 662-3487
   - Bev Goulet 994-0727
   - Mike O'Rourke 764-8916 or Law Club Room E-12
   - Frank Ruswick 971-0546
4) polls and surveys published in the Res Gestae

Upon receipt of these problems, we will approach the appropriate committees, Deans, faculty, etc., either in conjunction with the complainant or as his/her representatives if either anonymity is desired or the complaint is widespread. We will conduct an investigation and publish the results in the school newspaper, unless they are
of a private nature, in which case a more suitable manner will be used. We anticipate that some responses will be statements of policy; others will be open meetings to air the various viewpoints and arbitrate the matter; still others will be announcements of action taken on the problem. We plan to respond to all grievances received that merit consideration as determined by a majority vote of the committee.

Our initial actions will be to obtain L.S.S.S. and administration approval for our program. Upon receipt of this we will write to the various committees in the Law School requesting policy summaries and information regarding their procedures and jurisdiction. A summary of these responses will be published, with the further information available for our use and upon request to other interested students. We will welcome all grievances and hope to initiate enough response to make this a significant part of the Law School Student organization.

****COCKTAIL PARTY****

The first cocktail party of the year will be held this Friday, 23 September, at 3:30 p.m. in the Lawyers Club Lounge.

For first-year students who have never experienced this particular entertainment, and for the second- and third-year students who were too out of it to remember, the cocktail parties sponsored by the ever-diligent Social Committee feature real drinks plus beer and wine, and a good supply of munchies. Soda is supplied for teetotalers.

And of course, a chance to socialize with your favorite professors, of whom we are expecting a good turn-out. So don't miss this opportunity to make friends and influence people and maybe even have a great time!

P.S. Anyone willing to help out should contact Tom Baird at 665-7234.

The purpose of law is to provide channels of effective performance so that the individual can accomplish his desires while contributing to the social good.

All of the law springs from the highest aspirations of society to provide an environment suitable for every citizen to realize his full potential, to grow and evolve and live happiness, success and fulfillment on all levels.

Stable in purpose, the law itself grows and evolves in keeping with the changing needs of time and place, and in tune with the evolving consciousness, the evolving potential for progress of the society as a whole.

Flexible and evolutionary, law is more restrictive and tightly channeled when conditions warrant it and becomes more broad and general, providing more freedom, as the people grow in their ability to fulfill their desires without making mistakes, without harming one another in pursuing their individual ends.

Now we are evolving into the Age of Enlightenment when all possibilities for progress are opening to everyone. Knowledge and techniques are available enough for everyone to fulfill all their desires, and to grow together to the highest states of fulfillment, enjoying together the field of all possibilities.

In the course of this progress the needs for restrictions and prescribed boundaries for progress will gradually dissolve, to be replaced by the ability of everyone to move naturally in accord with the laws of nature.

We find the seat of natural law and order to lie in the field
of consciousness, the pure field of creative intelligence lying at the source of thought, which has now been revealed and opened to the direct experience of everyone. This knowledge and practice opens the door of all possibilities —— the development of full mental potential, health, supernormal powers, an ideal society, a supportive, progressive ecology —— progress and growth on all levels. It is this evolutionary thrust, now underway, that has led Maharishi Mahesh Yogi, the founder of the Transcendental Meditation program, to inaugurate the Dawn of the Age of Enlightenment.

The Ministry of Natural Law and Order of the Ann Arbor Capital of the Age of Enlightenment, invites you to an introductory symposium in celebration of all the possibilities open to us today and invites you to join a Student/Faculty Assembly on Law for the Age of Enlightenment, a group founded to investigate Natural Law and Order and the evolving legal trends and systems suitable for the Age of Enlightenment.

Introductory Symposium

Topic: Consciousness; the Seat of Natural Law and Order

Time: 7:30 p.m., Tuesday, September 27
